Name: _____

Math 7: Algebra Tiles Worksheet

Instructions: Solve the equations using algebra tiles. Draw the algebra tiles on your worksheet, and show how you solved it. Put the answer to the equation in the bottom right corner of the box.

Equation	Tile Model
$x + 2 = 3$	X = _____
$4x = 12$	X = _____
$2x + 4 = 8$	X = _____
$3x + 4 = 10$	X = _____
