

**Examine the pairs of dominoes below. Using the definitions for vertical lines of symmetry, horizontal lines of symmetry, ~~and rotational symmetry~~ described earlier, identify all symmetries demonstrated below:**

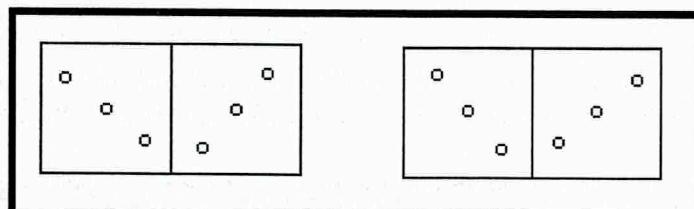

1.

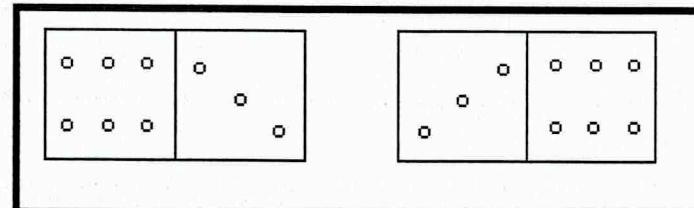

2.

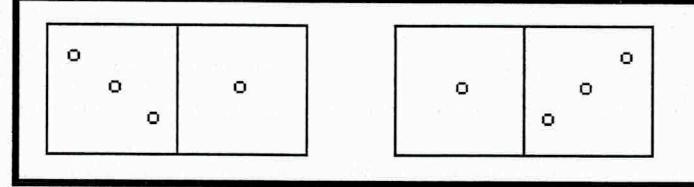

3.

4.

5.

Which of the above have vertical lines of symmetry? \_\_\_\_\_

Which of the above have horizontal lines of symmetry? \_\_\_\_\_

~~Which of the above have rotational symmetry?~~ \_\_\_\_\_
