## 5. Subtract Fractions with Circles

$\qquad$
Color the picture to show the minuend, subtrahend, and difference. Complete the number sentence that describes the picture.
1.

$$
\begin{aligned}
& 2 \frac{5}{6}-1 \frac{1}{6} \\
& \text { minuend } \\
& \text { subtrahend }
\end{aligned}
$$

3. 

2.
minuend
subtrahend
difference

$$
\begin{aligned}
& 3 \frac{3}{4}-2 \frac{1}{4} \\
& \text { minuend } \\
& \text { subtrahend }
\end{aligned}
$$

4. 

$$
\begin{aligned}
& 1 \frac{5}{12}-\frac{7}{12} \\
& \text { minuend } \\
& \text { subtrahend }
\end{aligned}
$$

6. 

$$
\begin{aligned}
& 3 \frac{2}{5}-1 \frac{4}{5} \\
& \text { minuend } \\
& \text { subtrahend }
\end{aligned}
$$
