## 6. Subtract Fractions with Lines

$\qquad$
Color the picture to show the minuend, subtrahend, and difference. Complete the number sentence that describes the picture.
1.

$$
\begin{aligned}
& 3 \frac{3}{4}-1 \frac{1}{4} \\
& \text { minuend } \\
& \text { subtrahend }
\end{aligned}
$$

3. 

difference

$$
\begin{aligned}
& 1 \frac{1}{3}-\frac{2}{3} \\
& \text { minuend } \\
& \text { subtrahend }
\end{aligned}
$$

5. 

2.

difference
minuend subtrahend

$$
1 \frac{4}{5}-1 \frac{1}{5}
$$

4. 

subtrahend

difference

$$
\begin{aligned}
& 2 \frac{3}{8}-\frac{7}{8} \\
& \text { minuend } \\
& \text { subtrahend }
\end{aligned}
$$

6. 

difference

$\begin{array}{ll}2 \frac{1}{8} & -\frac{3}{8} \\ \text { minuend } & \text { subtrahend }\end{array}$
